STSM - 604 : Project Work

Marks : 100

(End Semester : 80 + Internal Assessment : 20)

Objective : The objective of the project work (may involve field work or not) is to bring forth the students' abilities to cope with real problems, of theoretical and / or of practical nature. Also to train them to become more proficient in written as well as oral communication skills and teaches them to work in diverse environments.

Guidelines for the Project work:

1. A project work shall be offered in the sixth semester
2. A project work shall be assessed for 100 marks (End Semester : 80 + Internal Assessment : 20). The assessment will be based on the project report, presentation and viva-voce.
3. A project may be undertaken by a group of students and the maximum number of students in a team shall not exceed two.
4. A project work shall be supervised by a faculty member assigned by the Head of the Department.
5. There shall be an external examiner for the evaluation of the project work.
6. A project work should encourage a student to interact with the end user.
7. A project work should be chosen such that there is enough scope to apply and demonstrate the statistical techniques learnt in the course.
