## **Brief Description and Rationality of the Program:**

The Department of Geology, Gargaon College in collaboration with the Technology Enabling Centre, TU organized a two days workshop on 'Innovation Ecosystem in Academic Institution' on 9th and 10th Feb, 2022. The workshop included science talks, working model competition on science projects.

On the first day of the workshop various innovators, entrepreneurs and domain expert spoke about commercialization opportunities and prospects of the technologies developed in academic institution. There was various talk on:

- a) "Innovation ambience in academic institutions"
- b) "Facilities idea validation, pre - incubation and start-up development"
- c) "Technology commercialization in present content /IP right and technology transfers"

On the second day there was an idea competition to be organized on the innovative idea presentation and demonstration related to rural economy in north-east. Participation was free of charge and a final selection of three best ideas was carried out with the help of judges from the domain experts.

The program turns out to be a way motivational workshop for students. Every participant had shown noteworthy innovative ideas among which prizes were given to the top three best ideas other whereas remaining every participants were provided Participation Certificate and were encouraged be stay motivated with their encouraging innovative spirits.
