MECHANISM OF INTERNAL ASSESSMENT

Gargaon College is a constituent college of Dibrugarh University and is guided by the regulations formulated at university level regarding syllabi, examination and evaluation. Thus, internal assessment is carried out as per university rules. Dibrugarh University has a continuous internal assessment system in which each paper of 100 marks has a component of 20 marks of internal assessment and rest 80 marks are allotted for the final examination of that paper. In principle, the internal assessment involves continuous evaluation carried out throughout the year by means of regular tests, objective tests, projects, student paper presentations, seminars, quizzes etc. Some of the departments even hold weekly tutorials, unit tests while others rely on the usual tests periodically arranged to estimate the progress of the students. As part of the curricula students are required to write papers on certain given topics to develop interest in the subject as well as skills such as writing and critical thinking which would eventually contribute to the formation of their individualities. In addition to this, after the results of the various examinations like unit tests, in semester etc. are announced the students are shown their scripts and advised accordingly to develop areas that need attention and improvement. Sometimes the method of peer evaluation is also adopted in order to empower and appreciate the efforts of the peers and the intricacies of script evaluation too. Recently, more of the digital platforms like Google Classroom, Zoom, Cisco WebEx, Google Meet etc., are used not only to hold classes but also to conduct tests and declare results. Group Discussions, seminars through PowerPoint, Field Reports, Poster Presentation etc., are also a regular and compulsory part of the internal evaluation. All the academic departments of the college maintain the records of the internal marks properly through a standard register. In addition to this, the internal semester monitoring committee maintains the E-Records of the marks too for future reference.
