Date: 05.06.2020

Organized by: IQAC, Gargaon College and NSS unit of Gargaon College

Significance of the programme

Organizing World Environment Day holds significant importance for several reasons. It serves as a platform to educate students about pressing environmental issues such as climate change, pollution, deforestation, and biodiversity loss. Through seminars, workshops, and interactive sessions, students can gain a deeper understanding of these challenges and their global impacts. By organizing activities like tree planting, recycling drives, and clean-up campaigns, students are encouraged to adopt sustainable practices in their daily lives. This not only helps in reducing the environmental footprint of the college but also instills a sense of responsibility towards the environment in the students. Organizing Environment Day demonstrates the college's commitment to sustainability, enhancing its values and actively promotes environmental responsibility. This can attract environmentally conscious students and faculty, furthering the college's mission and values.
