Brief report of the program

Department of Statistics, Gargaon College was conducted a statistical Survey on 7th June, 2022 in its adopted Village – Lonkak Gohain Gaon. The survey was done in collaboration with the Parents- Teachers Association of the Department of Statistics.

The students of Department of statistics surveyed 82 households of the village and collected data on the benefits gained by the villagers from various Government schemes as well as from self-help groups and microfinance institutions. During the survey, the students gathered information about the various socio-economic issues of the villagers.

Rationality of the program

Statistics deals with the collection, presentation, analysis and interpretation of numerical data. Every statistician must have practical knowledge of the data collection process. This field study enables students to examine the way statistical theory with real life data. Moreover, the information gained from this study will help to know the socio-economic condition of the villagers and the utilization of different governmental schemes.

Statistical survey completed in adopted village of Gargaon College

A CORRESPONDENT

NAZIRA, June 8: A statistical survey was conducted by the Department of Statistics of Gargaon College in its adopted model village – Longkak Gohain Gaon – near Sunpura here on Tuesday. The survey was done in collaboration with the Parents-Teachers' Association of the Department of Statistics.

Students surveyed 82 households of the village and collected data on the benefits gained by them from various government schemes

as well as from self-help groups and micro-finance institutions. During the survey, the students gathered information about the various socio-economic issues of the villagers.

The survey team, led by Dr Ranjana Gogoi, Head of the Department of Statistics, Gargaon College, also visited Longkak Gohain Gaon Primary School and distributed learning material and light refreshment packets among the students there. Bornali Dutta, Assistant Professor of Statistics, taught mathematics to the students of fifth grade.
