REPORT OF MENTORING SESSIONS

Name of the Mentor: Dr. Anna Gogoi

- As a mentor my first aim is to create an environment for the mentees where the mentees can feel free to share all their problems, academic as well as personal to me.
- Most of the meetings with the mentees were organized informally. In the first meeting, I tried to know about their accommodations whether they stay in College Hostel or any other private hostel or some of them come from their own houses to college. Then I ensure that whether each were able to collect at least one book on the subject Chemistry.
- The first Mentor-Mentee meeting was held on 22nd October, 2021 at the department. In that meeting the mentees were advised to put more concentration in their studies than before. The mentees were advised that they can clear all their doubts regarding their study at any time. They were advised to ask questions other than the mentor who taught them that part of the syllabus.
- Another meeting of Mentor-Mentee was organized on 13th June, 2022. In that meeting, the last examination of the mentees was analysed. I was allotted the following students from 1st, 3rd and 5th semesters for the year 2021-22.
- The names of the mentees are as follows:

Sl. No.	Roll. No.	Name	Phone No.	Semester

REPORT OF MENTORING SESSIONS, 2021-22

Name of the Mentor: Dr. Arandao Narzary

Eighteen students from 1st, 3rd and 5th students were allotted to me as mentees for the session 2021-22. The list of students was given below in the table. As a mentor I regularly talk, discuss problems with mentees. In most of the cases the discussion was informal and in maximum cases it was on call. The first formal meeting with mentees was organised on 25 th October, 2021 at the department.

As a mentor I observed that many students were from financially weak categories, they hesitate to discuss their problems, they do not concentrate in studies, they face problems in understanding in class. To overcome these problems I, as a mentor, regularly contact them and try to solve their difficulties. The followings were the steps taken by me as a mentor:

1. First discuss with the mentees.
2. Analysed the problems faced by students then found out their remedials.
3. Provides notes, books, reference books etc to help them in study.
4. Discuss topics in which they face problems in understanding
5. Try to keep in touch and have a good relationship with guardians.
6. Encourage them in their study.

Reports of the mentoring session:

1. Mentoring helped the students in increasing individual achievement in skills and competencies as well as personal and social development of students in various settings.
2. Parents Teachers meeting were conducted after starting of classes in offline mode. The results of the previous semester were discussed with parents and Plan to implement to get better performance in the next semester.
4. The performances of some of the mentees were below the average level. The mentoring sessions helped to identify the cause of the poor performance and the mentees were helped to overcome their learning difficulties after a few personal mentoring sessions.
6. Effort has been made to encourage quality research work for their final semester Project. Mentees are advised to take part different conferences.
7. The mentees whose performance were above the average level of performance of the whole class were identified and they were motivated to prepare for various competitive exams like TUEE, JAM etc. They were directed to attend certain online classes which will help to secure top ranks in competitive examinations.
8. Few mentees were not able to attend online classes due to poor connectivity. A couple of mentees mentioned feeling of depression and anxiety. The recorded video of the classes was shared with the students so that they could make up for the missed classes due to network issues.

A meeting with the mentees was organised on 13th of June 2022 for the 1st and 3rd semester students and it was held on 16th June 2022 for the 5th Semester students. For 1st semester students every year, profile of the students was created and the basic information regarding the students were collected. Along with parent's name and number, the student's address, the height, weight, annual family income, special interest and hobbies of the students were also collected.

Individual sessions were held after the official meeting with all the mentees of a particular semester. I tried to extend support and guidance to my mentees for betterment of their academic and professional career with an aim to narrow down the gap between us. The students may come across difficulties and have to face academic and adjustment challenges.

To cope up with such problems and to enable them to excel in academics and profession as per their potential, several face-to-face sessions have been organized in which the main goals included:

- a) To bridge the gap between the mentor and the mentee.
- b) To maintain proper academic and attendance records of students.
- c) To minimize drop-out rates among students.
- d) To provide mutual support and a congenial learning environment.
- e) To deal with the related issues for the holistic development of the students.
- f) To inspire and motivate for higher studies and competitive examinations.
- g) Contact parents to inform the progress of their ward, whenever required.
- h) Maintain a record of the progress made by the identified underperforming students and take remedial actions wherever required.
- i) To guide students and also to arrange for remedial teaching if required.

Details

1. Discuss regarding the difficulties they are facing. Made routine so that they study all the subjects regularly. More time and regular practise are encouraged in subjects in which they are weak. Assignments are given to make them practise

B.Sc.5th semester

i) Assignment on selection rule, dated: 03.08.2021

The screenshot shows a Google Classroom interface. At the top, there are tabs for 'Stream', 'Classwork', 'People', and 'Grades'. The 'Classwork' tab is active. Below the navigation bar, the course name 'Alumni (M), 2018' and 'Non-CBCS' are visible. The main content area shows an assignment titled 'Spectroscopy-General principles'. The assignment is titled 'Fundamentals of spectroscopy' and is due on 'Aug 3, 2021, 11:59 PM'. Below this, there is a section for 'Selection rule' also due on 'Aug 3, 2021, 11:59 PM'. The assignment was posted on 'Aug 2, 2021'. The instructions are 'answer the following giving reasons'. To the right of the instructions, there are two statistics: '13 Turned in' and '5 Assigned'. Below the instructions, there is a 'selection rule' link and a 'Google Docs' link. At the bottom of the assignment card, there is a 'View assignment' link.

ii) Assignment on general principles of spectroscopy, dated: 03.08.2021; slow learner being the main target.

The screenshot shows a Google Classroom interface for a class named 'Alumni (M), 2018'. The 'Classwork' tab is active, displaying an assignment titled 'Spectroscopy-General principles' due on August 3, 2021, at 11:59 PM. The assignment is titled 'Fundamentals of spectroscopy' and was posted on August 3, 2021. It shows 13 items turned in and 5 assigned. The assignment content includes a Google Form titled 'fundamentals of spectro...'. A 'View assignment' link is visible below the assignment card. Below this, a 'Selection rule' is also visible, due on the same date and time.

2. Assignments are more specific and the questions are more from the entrance examinations B.Sc. 5th semester

i) Assignment on term symbol, dated: 15.07.2021, target student are the advanced ones

The screenshot shows a Google Classroom interface for the same class. The 'Classwork' tab is active, displaying an assignment titled 'Term symbol' due on July 15, 2021, at 11:59 PM. The assignment is titled 'Term symbol' and was posted on July 14, 2021. It shows 1 item turned in, 3 assigned, and 14 graded. The assignment content includes a Google Doc titled 'Questions on Term symb...'. A 'View assignment' link is visible below the assignment card. Below this, a 'Selection rule' is also visible, due on August 3, 2021, at 11:59 PM. At the bottom of the page, there is a link for 'Test for 5th sem questions'.

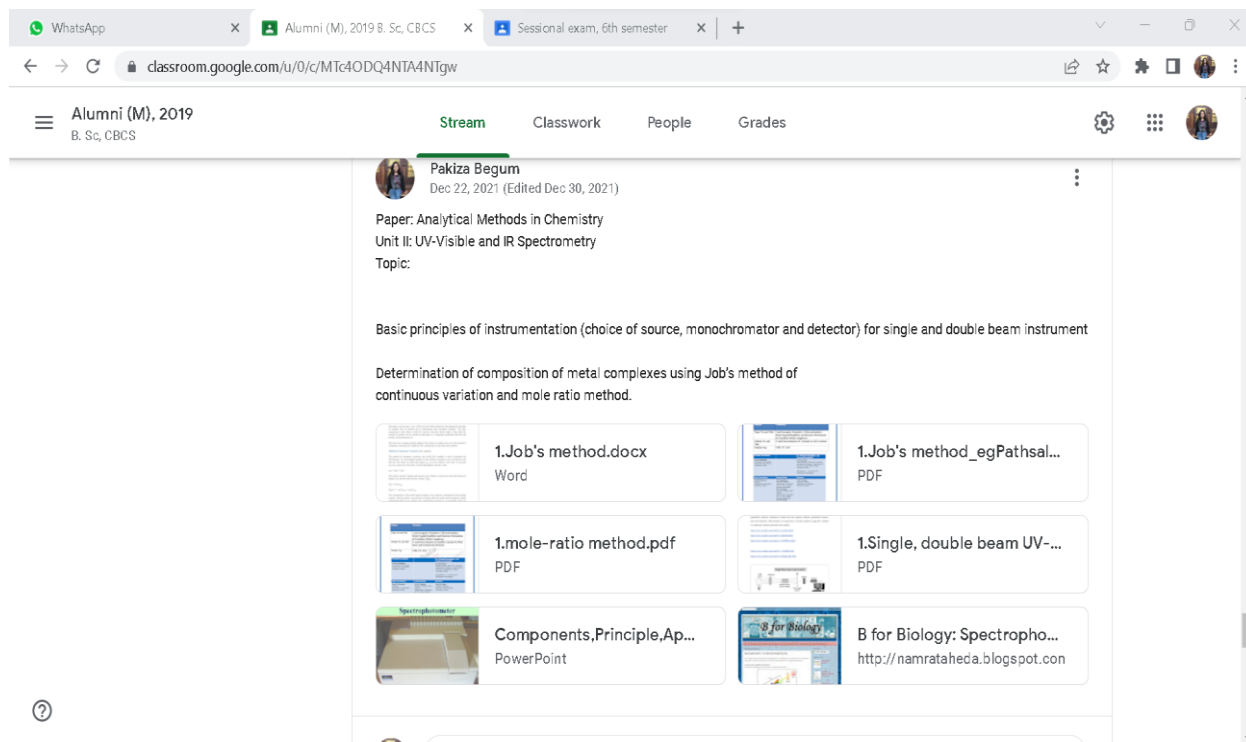

3. Problems are assigned to them as assignment so that they practise what they have learned 5th and 6th semester

i) Students are given assignments, grades are given, discussed how they can improve and encouraged to do better

4. Discuss regarding the difficulties they are facing. Make a routine so that they study all the subjects regularly. More time and regular practise are encouraged in subjects in which they are weak

I was content with the positive responses of the mentees. Most of them were found to take part in most of the academic related activities of the department, which is reflected in their results as well as mind-set. A healthier competitive mind-set was seen among the students, where they tried to encourage each other to study and clear competitive exams.

15.	Sandhanee Phukon	
16.	Manashi Borah	5 th Semester
17.	Nikita Debgupta	
18.	Priyampalli Gogoi	
19.	Riku Gogoi	
20.	Roshmi Devi	

For the 1st semester, a meeting with the mentees was organised on 13 June 2022. On the same day, at different time another meeting was organised with the 3rd semester students. With the 5th Semester students, a meeting was held on 16th June 2022. In those meetings, profile of the students was created and the basic information regarding the students were collected. Along with parent's name and number, the student's address, the height, weight, annual family income, special interest and hobbies of the students were also collected.

After the official meeting with all the mentees of a particular semester, individual talks were also carried out with the mentees. A few issues were raised by the mentees such as:

- a) Coping with anxiety in attending classes in a blended mode in the post covid scenario
- b) Concern about their future and worry of employment opportunities after completing the programme
- c) Few of them are willing sit for IIT-JAM and try their fortune in academics
- d) Fluency in English language and being bilingual without difficulties when situation demands.

The mentees were assured that the mentor is

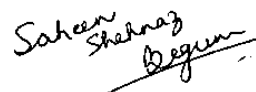

- a) Ready to assist and support by all best possible means to enhance teaching learning experience.
- b) Assure to talk to them when required and allowing them not feeling isolated from the group.
- c) Provide counsel on mental wellbeing by assuring them support whenever required. Mentees are assured that department stood behind them under all challenging circumstances.
- d) Make them feel easy by assuring that the college and the department has been assiduously working for arranging placement avenues.
- e) Provide counsel on how to prepare for all upcoming examinations from CUET, TUEE, IIT-JAM etc.,
- f) Addressing the concern by suggesting some communication tips.

As a mentor, I was satisfied with the positive responses of the mentees and subsequent healthy outcome of the sessions. All the mentees are found enthusiastically taking part in all variety of academic related activities of the department.
