**REPORT ON BOTANICAL EXCURSION
DEPARTMENT OF BOTANY**

Overview of the program

Name of the programme: Excursion to Manash National Park

Objective of the Program: To help students know about the natural habitat, ecological and taxonomic study of that area.

Under the course: BOTH10P

Date: 30th April – 3rd May, 2022

Organized by: Department of Botany, Gargaon College

Visited by: B. Sc. 2nd, 4th and 6th semester students and teacher in-charge

Number of participants: 15

Nature of Activity: Extension

Brief report of the program

As a part of syllabus, a botanical excursion trip to Manas National Park was organized by the department for B.Sc. 2nd, 4th and 6th Semester students. On 30th April the journey started and ended on 3rd April, 2022. Two faculties Dr. Dimbeshwar Das and Miss Sandeepa Agarwalla accompanied the students in the excursion.

The journey started from Simaluguri junction and ended at Manas National Park. Everything was planned beforehand for fooding and lodging. The stay for the journey was at Smiling Tusker Elephant camp at Manas. The students also got to interact with Miss Ivy Farheen Hussain, a project officer of Tiger Research and Conservation Division of an NGO-ARANYAK. She gave an informative talk on 'Reducing the number of wildlife animal abuses.'

Manas National Park is an abode of many species of plants, animals and birds. They are scattered in the entire area. Besides the rich floral vegetation, an ecotone was also visible. A total of 543 plants have been documented from the core of Manas. The forest is also rich in faunal diversity. The students had a wonderful experience throughout the journey.

Rationality of the program:

The outreach programs help the students to gain insight about the knowledge practically. They get a better understanding of what they are learning in classroom.
