Overview of the programme

Name of the Activity: Swachh Bharat Mission Urban Initiative

Date: 17.09.22

Organized by: NSS Unit of Gargaon College and Simaluguri Municipality Board, Sivasagar

Background/ Significance of the day:

On October 2, 2014, the Indian government introduced the Swachh Bharat Abhiyan, a national programme. The initiative seeks to raise standards of cleanliness and sanitation nationwide. Improved sanitation and hygiene can stop the spread of illnesses including dysentery, cholera, and diarrhea, which is only one of the many arguments supporting its importance. Population health and well-being are often improved in clean surroundings. Maintaining ecological balance and reducing pollution are two benefits of proper waste management and disposal. In order to create a more visually beautiful and environmentally sustainable living environment, the campaign promotes cleaning of streets, roads, and infrastructure. Through the Swachh Bharat Mission initiative younger generations are taught the importance of cleanliness and hygiene by colleges and other educational institutions.

Brief description of the programme:

The National Service Scheme (NSS) Unit of Gargaon College actively participated in an awareness programme as part of the Swachh Bharat Mission Urban Initiative on 17th September 2022, organized by the Simaluguri Municipality Board, Sivasagar. This event was aimed at promoting cleanliness, hygiene, and sanitation practices among the community. The Swachh Bharat Mission, launched by the Government of India, seeks to achieve a clean and healthy environment by engaging citizens in various activities related to cleanliness and waste management. The programme was attended by a total 15 participants of NSS Unit of Gargaon College.

GARGAON COLLEGE

Overview of the programme

Name of the Activity: Clean India Campaign

Date: 01.10.22 to 31.10.22

Organized by: NSS Unit of Gargaon College

Rationality behind the programme:

The Clean India Campaign, officially known as the Swachh Bharat Abhiyan, is a nationwide initiative launched by the Indian government on October 2, 2014. The campaign aims to improve sanitation and cleanliness across the country. Some of the key points highlighting its significance includes improved sanitation and hygiene reduce the spread of diseases such as diarrhea, cholera, and dysentery. Clean environments help to promote better overall health and well-being among the population. Proper waste disposal and management help to reduce pollution and maintain ecological balance. The campaign encourages the cleaning of streets, roads, and infrastructure, leading to a more aesthetically pleasing and environmentally sustainable living environment. Colleges and educational institutions are involved, instilling the values of cleanliness and hygiene in younger generations.

Brief description of the programme:

The NSS Unit of Gargaon College conducted one month cleanliness programme 'Clean India Campaign' from 1st October to 31st October, 2022 at several areas of Balighat, Gargaon College and Simaluguri. All NSS volunteers collected waste plastics from Balighat Market and surrounding areas, Gargaon Rampart Archaeological site road from Borduarmukh Gate to Karenghar tinali (approximately 1 km road), Simaluguri junction etc. as a part of plogging run and cleanliness drive and handed over all the plastics collected to Simaluguri Municipal Board. The municipality garbage collector collected all the plastics. This campaign was led by Kaustav Chetia and Tendon Borgohain (NSS volunteers) under the supervision of Dr. Rimjim Borah, Programme Officer of NSS Unit Gargaon College.

COLLABORATION WITH IQAC,
GARGAON COLLEGE**

গড়গাঁও মহাবিদ্যালয় GARGAON COLLEGE

Overview of the programme

Name of the Activity: Cleanliness drive campaign

Date: 20.11.2022

Organized by: 1 Assam Girls (I) Coy NCC and 49 Assam Naval Unit in collaboration with IQAC, Gargaon College

Rationality behind the programme:

Organizing a cleanliness drive holds significant importance for several reasons. Clean environments reduce the prevalence of diseases and infections. Proper waste disposal and sanitation practices prevent the spread of pathogens, leading to healthier communities. Cleanliness drives promote environmental sustainability. Removing litter and waste helps protect natural habitats, waterways, and wildlife, ensuring a balanced ecosystem. Such initiatives foster community spirit and collaboration. They bring people together for a common cause, enhancing social cohesion and collective responsibility towards maintaining clean surroundings. Cleanliness drives educate the public about the importance of maintaining a clean environment. They raise awareness about the consequences of pollution and littering, encouraging more responsible behavior.

Brief description of the programme

On account of the birth anniversary of Bir Lachit Divas and mark Lachit Borphukan's 400th birth anniversary. A cleanliness drive was organized by 11 Assam Girls (I) Coy NCC and 49 Assam Naval Unit in collaboration with IQAC, Gargaon College. A 2-mile Heritage Rally was held on November 20, 2022, starting at Gargaon College and ending at Kareng Ghar. In honour of the inspirational person, the college's teachers and students took part in the heritage walk. Alongside the celebration, the teachers along with students conducted a cleanliness campaign in front of Kareng Ghar and along the dike of the Gargaon.

Participants: All the teaching, non-teaching and students of Gargaon College.

GARGAON COLLEGE

Overview of the programme

Title of the program: Plantation Programme at Silasaku, Lahon Gaon

Date: 05.06.2023

Organizers: Department of Sociology in collaboration with IQAC, Gargaon College and Parent-Teacher Association at Silasaku, Lahon Gaon.

Background/ Significance of the day:

Tree plantation is significant in the current age of climate change and global warming. Trees take in the carbon dioxide as well as many other toxics and give out clean oxygen for all living things to breathe. Trees prevent the soil pollution. Trees help to control the temperature of the Earth, making it cooler. So, this programme is very much significant to us.

Details of the Program:

A plantation programme was arranged by Department of Sociology in collaboration with IQAC, Gargaon College and Parent-Teacher Association at Silasaku, Lahon Gaon. The programme was initiated by two elderly persons of that village, after that an awareness meeting was arranged by the Department in that particular village. The meeting was hosted by Mohananda Tamuli, Assistant Professor of the Department. In this meeting, Mr. Tileswar Lahon was invited as guest of honour, who delivered lecture on how we can create a better natural and social environment for our future generation. After that, Mina Robidas, HoD of Sociology delivered lecture on how social and natural environment are inseparable, how it works together. Dr. Priyanka Tamuli, Assistant Professor of the Sociology Department gave vote of thanks to each and every one present there. Overall, this was an excellent and glorious event for all.

WORLD ENVIRONMENT DAY 2023

MASS PLANTATION DRIVE

Date: 05.06.2023

Overview of the programme

Title of the program: Mass Plantation Drive

Date: 05.06.2023

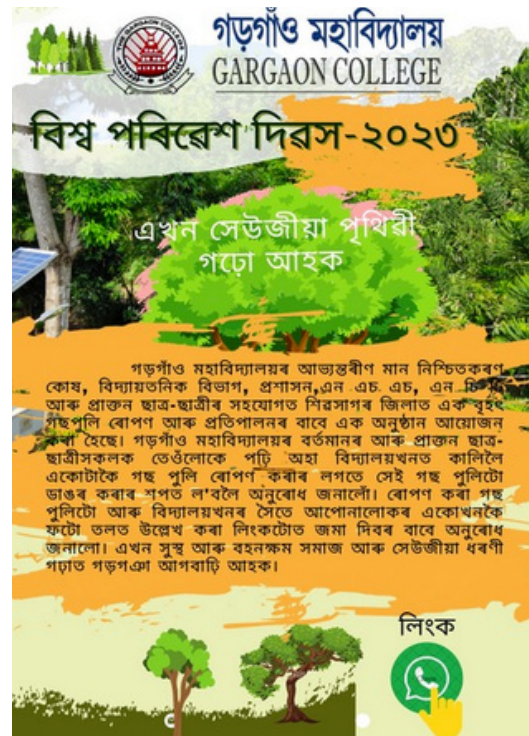

Organizers: Gargaon College Science Forum in collaboration with IQAC, Environment & Climate Cell, NSS Unit, Eco-Club, 11 Assam Girls' (I) NCC Coy & 49 Assam Naval Unit, Gargaon College and Assam Science Society, Gargaon Branch, Sivasagar.

About the Programme

As part of its initiative to observe World Environment Day, Gargaon College carried out a series of programmes on 5th June under the aegis of Gargaon College Science Forum in collaboration with IQAC, Environment & Climate Cell, NSS Unit, Eco-Club, 11 Assam Girls' (I) NCC Coy & 49 Assam Naval Unit, Gargaon College and Assam Science Society, Gargaon Branch, Sivasagar.

Apart from different programmes, a special plantation drive was undertaken in Sivasagar district under the aegis of IQAC, various departments, administration, NSS, NCC, present and past pupils of the college. Under this initiative, each student and alumni were asked to plant a sapling in their respective institutions and to take a pledge to nurture the plant. Significantly, more than 100 students planted a variety of saplings in different places of the district making the programme a resounding success.

Brief Statistics of the Programme

Total Plants Planted

Total School Covered

Results of Simpson Index

There are different types of indices to measure Plant diversification. Some common indices are the Simpson Index, Herfindahl Index, Entropy Index, Modified Entropy Index etc. Here to measure Plant Diversification Simpson Index is used. The index ranges between 0 and 1. If there exists complete specialization, the index moves towards 0. The result of the Simpson Index here is **.85**, which shows that the students of the college have planted diversified plants and it is believed that diversified plants will contribute ecological balance of society and contribute to sustainable development.

Overview of the programme

Title of the Program: Plantation drive

Date: 30.06.2023

Organized by: Department of Mathematics Gargaon College in Collaboration with IQAC and Girls' hostel, ("Chaw Ching konwari chatri Nivas")

Significance of the Program:

A plantation drive program holds significant importance in fostering environmental sustainability, community engagement, and institutional development. It not only contributes to ecological wellbeing through tree planting but also strengthens the sense of responsibility and belonging within the academic community. The involvement of alumni and students creates a collaborative spirit, promoting a stewardship and enhancing the overall quality of education through practical, hands-on experiences.

About The Program:

Department of Mathematics Gargaon College in Collaboration with IQAC and Girls' hostel, ("Chaw Ching konwari chatri Nivas") jointly organized a tree plantation programme on 30.06.2023 within the premises of the Girls' hostel of Gargaon College. Dr. Kabita Phukon, HOD, Dr. Surajit Saikia, IQAC Coordinator, Mr. Harekrishna Mili and Ms. Sujata Goala, Asstt. prof and few alumni and present students of the department were took part in the Plantation program.
