CULTURAL RALLY

Session: 2019-20

The Cultural Rally at Gargaon College is a vibrant exhibition of the core principles that form the bedrock of our society, highlighting the profound cultural heritage ingrained in our civilization. In the academic year of 2019-20, the rally became a dynamic stage where each department presented various facets of our community and the challenges we encounter. A prominent theme was the pursuit of Social Justice, advocating for Freedom and the provision of equal opportunities for women, mirroring the progressive ethos of our society. This initiative is a testament to the heightened awareness and proactive stance of our student body in addressing societal disparities. It also mirrors the college's commitment to fostering an environment of equality, where both men and women are afforded equitable chances to succeed and thrive. This event not only celebrates our cultural identity but also ignites a dialogue on critical social issues, encouraging a collective effort towards an inclusive future.
