Title of the program: One day Workshop and Hands on Training on Aquarium Fabrication

Date: 27.03.2024

Organized by: Department of Zoology in collaboration with IQAC, Gargaon College and Department of Botany, Gargaon College.

Nature of Activity: Entrepreneurship.

Rationality of the program

In recent decades ornamental fish keeping and aquarium trade has emerged as a much lucrative industry. Keeping aquarium fish and breeding them is an exciting activity that brings not only aesthetic pleasure, but also employment opportunities. About 600 species of ornamental fish have been reported worldwide from various aquatic environments. Indian waters have a rich diversity of ornamental fish, with over 100 indigenous varieties, besides a number of similar exotic species bred in captivity. Native ornamental fish available in rivers can be easily caught from wild resources and can be cultivated for aquariums. The country exports fish worth ₹20,000 crore every year. Of this, the share of ornamental fish is about ₹300 crore. There is still room to increase the production of ornamental fish varieties and the importance of successful business in the ornamental fish trade needs to be emphasized. Aquarium fabrication and trade requires low investment, minimum skill and space. So, awareness and training on aquarium fish culture and aquarium trade as prospect of entrepreneurship and employment generation holds an outmost significance in present day.

GARGAON COLLEGE

Brief description of the Program

Gargaon College, renowned for its commitment to holistic education and practical learning experiences, recently hosted a one-day workshop cum Hands-on Training on Aquarium Fabrication was organized by IQAC, Gargaon College in collaboration with the Department of Zoology and Botany, Gargaon College on 27th March, 2024. The workshop aimed to provide participants with comprehensive insights into the art and science of creating and maintaining aquariums. The program was inaugurated by noted academician and Principal, Gargaon College, Dr. Sabyasachi Mahanta. In his speech Dr. Mahanta expressed enthusiasm for the workshop's success, highlighting its relevance in fostering both academic enrichment and practical expertise among participants. Events like these not only enhance our skills in creativity and innovation but also employment opportunities. Dr. Rina Handique, Vice-Principal, Gargaon College and Head of the Department of Zoology, also spoke on emphasizing the interdisciplinary nature of the workshop and its potential to inspire future research, conservation efforts, and employment generation. By bridging the gap between theory and practice, workshops like this empower students to become stewards of environment sustainability and the importance of aquarium trade as a prospect of entrepreneurship. The resource person for the workshop was Dr. Anurag Protim Das, Assistant Professor, Department of Zoology, Gargaon College spoke on the emerging opportunities for self-employment in ornamental fish culture and trade.

The resource person shared knowledge and imparted hands-on training on Aquarium fabrication, offering invaluable guidance on species selection, water quality management, and the importance of biodiversity in aquarium ecosystems. Throughout the day, attendees were immersed in various aspects of aquarium fabrication from the selection of appropriate materials to the intricates of designing and setting up of a thriving aquatic environment. The Hands-on training segment allowed participants to put theory into practice as they engaged in interactive sessions under the supervision of the resource person. From assembling tanks to arranging aquatic plants and decor, attendees had the opportunity to hone their skills and gain first-hand experience in aquarium fabrication techniques. He also explained the concept of ornamental fish and named a few species of fish from north-east India with high market demand. He mentioned how north-east India is rich in native fish diversity and considered a gold mine of ornamental fishes. Dr. Dimbeswar Das, Head Department of Botany spoke on the significance of organizing the workshop for employment generation. The event was enthusiastically hosted by Dr. Surajit Saikia, Coordinator of IQA, Gargaon College. The workshop was attended by Dr. Pimily Langthasa, Dr. Rashmi Dutta, Sangeeta Chetia and Sandeepa Agarwalla, faculty members of the department of Zoology and Botany, proved to be a resounding success, enriching participants with valuable knowledge and skills for employment generation while fostering a deeper appreciation for the wonders of aquatic life. The participants were introduced to materials for aquarium fabrication like adhesives, glass, ancillaries, etc. The program was attended by 67 participants comprising students and faculties of various departments. As Gargaon College continues its commitment to providing innovative educational opportunities, such initiatives underscore its dedication to nurturing well-rounded individuals equipped to address the challenges of tomorrow. The workshop proved to be a positive step towards achieving such a goal.

Gargaon College organizes One-Day Hands-On Workshop on Aquarium Fabrication

Khairuddin Ahmed Sibsagar, Mar 28: Gargaon College, renowned for its commitment to holistic education and practical learning experiences, recently hosted a One-Day Hands-On Workshop on Aquarium Fabrication. The workshop was organized by the Internal Quality Assurance Cell (IQAC) in collaboration with the Department of Zoology and the Department of Botany, Gargaon College on March 27, 2024. The workshop aimed to provide participants with comprehensive insights into the art and science of creating and maintaining aquariums. Dr. Sabyasachi Mahanta, Principal and noted academician inaugurated the workshop and expressed enthusiasm for the workshop's success, highlighting its relevance in fostering both academic enrichment and practical expertise among participants. "Events like these not only enhance our skills in creativity and innovation and also employment opportunities," remarked Dr. Mahanta. He also expressed his gratitude to the organizers for taking the initiative for organizing such a significant workshop. Dr. Rina Handique, Vice Principal, Gargaon College and Head of the Department of Zoology, spoke on emphasizing the

interdisciplinary nature of the workshop and its potential to inspire future research, conservation efforts and employment generation. By bridging the gap between theory and practice, workshops like this empower students to become stewards of environmental sustainability, he added. The resource person for the workshop Dr. Anurag Protim Das, Assistant Professor, Department of Zoology, Gargaon College, shared knowledge and imparted hands-on training on aquarium fabrication, offering invaluable guidance on species selection, water quality management, and the importance of biodiversity in aquatic ecosystems. Throughout the day, attendees were immersed in various aspects of aquarium fabrication, from the selection of appropriate materials to the intricacies of designing and setting up of a thriving aquatic environment. The hands-on training segment allowed participants to put theory into practice as they engaged in interactive sessions under the supervision of the resource person. From assembling tanks to arranging aquatic plants and decor, attendees had the opportunity to hone their skills and gain first-hand experience in aquarium fabrication techniques.

Dr. Dimbeshwar Das, Head of the Department of Botany, spoke on significance of organizing the workshop for employment generation. The event was enthusiastically hosted by Dr. Surajit Saikia, Coordinator, IQAC, Gargaon College. The workshop was attended by Dr. Pimily Langthasa, Dr. Rashmi Dutta, Sangeeta Chetia and Sandeepa Agarwalla, faculty members of the departments of Zoology and Botany. Overall, the one-day workshop on aquarium fabrication organized by Gargaon College's IQAC, in collaboration with the Departments of Zoology and Botany, proved to be a resounding success, enriching participants with valuable knowledge and skills for employment generation while fostering a deeper appreciation for the wonders of aquatic life. A total of more than 200 participants attended the workshop. As Gargaon College continues its commitment to provide innovative educational opportunities, such initiatives underscore its dedication to nurturing well-rounded individuals equipped to address the challenges of tomorrow. The workshop proved to be a positive step towards achieving such a goal.

Workshop on Aquarium Fabrication

OUR CORRESPONDENT
