Yes I am Satisfied

because of network problem

It's perfect

I feel very sleepy..

The system of our online class is very good.

through offline classes we can discuss our doubts more clearly. the interaction between students and teachers is much better in offline classes than in the online classes. in online classes we have to face some understanding problems in understanding.

Practice time management

I am satisfied online classes

Good

recorded classes and providing proper notes is also a better option

Network problem .and not interest in online mode classes.

I think Online classes are not good for student. And many students facing lot of problem due to bad network.

YouTube videos are best way to teach .

Please conduct offline exams for our previous semester exams

Offline is better than online so hope that the college will be reopen soon

No suggestion.

No

offline classes would be more effective for us rather than online classes.

Only 1 mobile

Classes should be regular.

No suggestions..the teachers are already doing their best

Cause we can afford only 1 smart phone...

Take care.

Sometimes it was very difficult to attend class due to network problem

Not as good as offline class in college and Teachers can use Smart board like youtubers

Regular class is better then online class.

i have nothing to say

Class notes should be provided both in PDF format as well as in video format along with online classes.

Please open the college 🙏

Olp slow k pohabo,jatey ami notes prepared koriboloi time pau 😊

A face to face interaction is required for proper learning

In my place network is very poor.

Provide timely feedback on assignments

I have no any suggestions.

Time table should be set for classes

Better future

Network issues.Need to overlook that area

Following the protocol please provide offline classes

An offline class is best for us. but during this pandemic, we should follow covid protocols and as per our merits and demerits, we should attend online classes and help each other who isn't able to attend an online class for poor network connection. Thank you.

All those online classes are really helpful, so hope of it's regularity as now

I think offline classes are better than online because i don't understand anything in online class.

Sometimes it was very difficult to attend the class due to network problem

Offline class is better

Online classes are good alternative of general teaching method and teachers are doing best with no doubt and I appreciate that . Network issue is the real burden for online classes but sending important docs through the wps is a better option . I hope to improve it and send necessary all documents regarding the course ..this step will be helpful for all students I believe ..

Thank you

For providing us the knowledge the way you can.

'Techers are the most unpredictable creatures on Earth ' - from the diary of Anne Frank..

Thanking you again.

To make our learning more effective teachers should provide pdf of all books necessary for at this point of time ,for me it's really hard to gather books

Offline classes are better than online mode....

Offline class I like that

we need offline classes for better understanding . we will follow the all protocols against COVID-19 for sure

No

Teachers should use power point slides presentation during online classes for the convenience of students.

Not particularly but maybe its a little less interactive but facing no severe problem . Thank you

I think this schedule of Online classes are not sufficiently enough.The Major classes are going soo smoothly ; which help us soo much . The other classes(Generic, SEC) should also add to this Routine which may help us to advance with the huge syllabus .

Sometimes network issue

No thanks 😊

Not satisfied by online classes at all

Make it actionable..personalize it..

Ok with the ongoing online sessions.

Sometimes it is defecult to understand

Class should be on time

everything is good

I m happy in the online class

Kindly solve the network issues

Good online class

I am satisfied with the classes. I didn't face any kind of problem till now, so i dont think any suggestions are needed yet.

Please take class at6.00pm because we have more work to do it was easy to take class this time

Noo

Please take classes at 6pm because of we have more work to do so please take class at that time

I have no problem with online class

Noooo

ok with the going on online sessions

No suggestions.... Teachers are teaching well

Practice time management

Live classes on zoom Or google meet type applications are more helpful, if used by every teacher. Although maximum of our teachers use the same.

Other classes needs to be started..

students should go for an online course: One of the major benefits of online course is it's much affordable cost of learning.

বিভাগ অনুসৰি অতি কমেও পাঁচ শতাংশ ছাত্র ছাত্রীক লৈ মুকলি পাঠদান কৰিব লাগে।

We are attend the classes in online but we are unable to understand as much as we are in regular classroom

Sometimes there is trouble in class due to network problem.

I want increasement in class duration ..!!

Fixed network problem

Try to solve the network problem .

Try to solve the network problem and also try to make availability of e-books.

We are neither familiar with the online class nor it's our choice. We all know what we are going through, situation are not suitable for offline class and we are forced to attend the classes in online. Professor's are trying their best to do it but we are unable to understand as much as we are in regular classroom.

Google meet is better then zoom . Zoom app consume more data

Take classes every day

Although online classes fullfil the interaction between teacher and students still there are some difficulties arise . Peticularly the surrounding system while taking classes..., Internet issues and so on but we should focus in regular time schedule of classes

N/A

Improvement of mobile network providers

Teachers are doing great work

classes should be regular and teachers should make sure that every student is able to taking online class

Communication and Participation

x

No,thanks

In these hard times, these online classes lil bit helping the students to keep on studying.
