### High points of the mentoring sessions

#### High points of the mentoring sessions

At the beginning of the session, an interaction session was conducted with the mentees assigned under my mentorship. I have discussed with them about their academic achievement in previous semesters. They were suggested to attend the classes regularly. They were also advised to visit the department Library as well as the central library for accessing the textbooks and reference books as well.

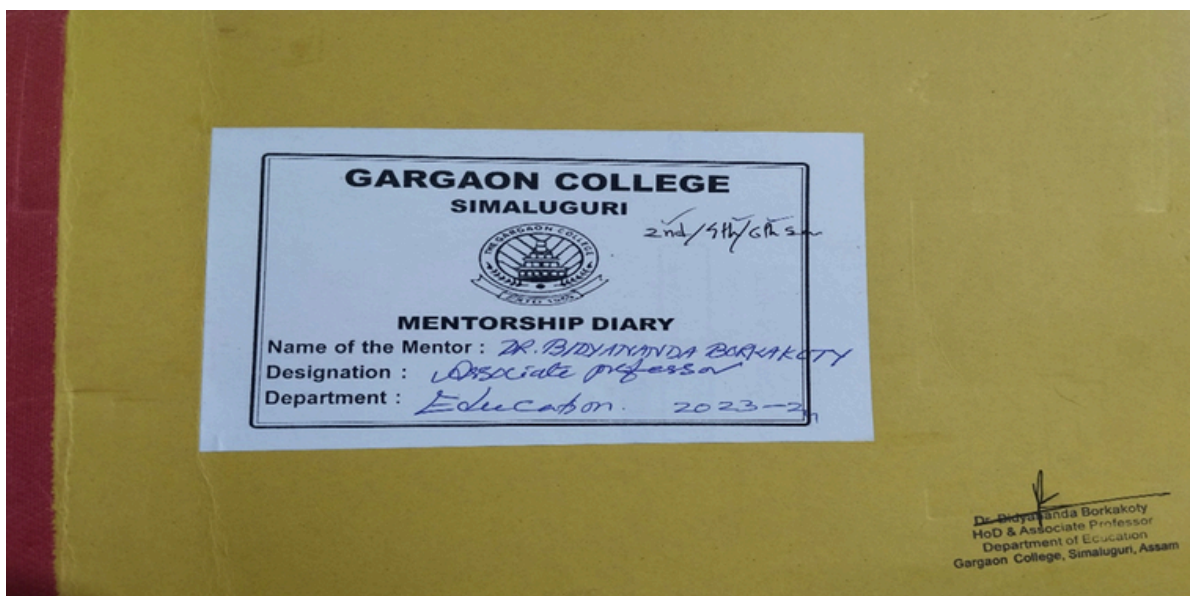

A regular discussion with the mentees 1st, 3rd and 5th semester was conducted throughout the semester regarding their scholastic as well as co-scholastic areas. Suggestions were made for solving their mental, financial and academic problem and to strengthen their abilities in different activities including curricular as well as co-curricular aspects.
