

গড়গাঁও মহাবিদ্যালয়  
GARGAON COLLEGE  
NAAC accredited with 'B' Grade

**Best Practices (2020-21)**

## **PRACTICE-1**

**1. Title of the Practice:** Gargaon College E-Shiksha : An E-Learning Platform for the Students

**2. Goals and Objectives:** The core objectives of this initiative are:

- Provide quality online education to the learners.
- Provide easy and free E-learning materials and videos to the students.
- Bridge the learning gap caused due to COVID-19 Lockdown.
- Foster an environment of digital education among the teachers and students.

### **3. Context**

COVID-19 has changed the world in more ways than anybody could have imagined. Schools, colleges and other educational institutions across the country have remained closed since March 2020. When the second wave of COVID-19 gripped India, the situations turned even worse and some of the states that had reopened the educational institutions earlier had to be shut down again in the light of COVID-19 surge. The closed doors of the campuses and cancellation of classes made it hard to foresee the long-term disruption it could have on the higher education system. Keeping with the motto to provide quality education by infusing a new spirit among the learners, the college switched to online classes again. In the process of imparting effective online education it was found that existence of several socio-economic diversities (economic backwardness, unavailability of smart phones among the poor students, poor network coverage issues etc) among the students often made it difficult for them to reach out to the teachers on a regular basis. To fill up this gap, IQAC Gargaon College, initiated “**E-Shiksha: An E-Learning Platform for the Students**” portal on May, 2020.

#### 4. Practice

Through this portal, E-learning materials and videos are made available for easy and free access to the students. The portal has more than 300 E-learning materials and videos related to the different undergraduate courses offered under Dibrugarh University. In addition to this, the portal also contains video links of different programmes organized by the college.

#### 4. Problem(s)

This portal is a preliminary endeavour to facilitate online education to the students. However, there are many technological issues with regards to converting it into a Massive Open Online Courses (MOOCs) to provide an affordable and flexible quality online learning to anyone, anywhere.

#### 5. Evidence of success

To know the details visit the **E-Shiksha** portal through the following link:

## PRACTICE-2

### **1. Title of the Practice: Career Counselling and Life-Skills Training**

### **2. Goals and Objectives:** The core objectives of this initiative are:

- To provide counselling and guidance on various career related aspects and issues.
- To provide life skills related training to enhance the skills, aptitudes and strengths of the students.

**3. Context:** Integrating the essential life skills into academic and career counseling has become the need of the hour. Keeping in mind the various learning opportunities such as counsellings and trainings, the college has tried to organize various programmes from time to time for the all-round development of the students' community. In the year 2020-21, given the COVID-19 pandemic situation, the college has organized online sessions on various career-related aspects and issues, including Civil Services Examination (CSE). The college has also organized different life skills related training programmes to enhance the skills, aptitudes and strengths of the students.

### **4. Problem(s):**

Given the prevalence of the COVID-19 situation, online sessions were provided to promote the all-round development of the students. However, participation on part of the students was very limited.

**5. Evidence of success:** Due to the prevalence of COVID-19 protocols, the college organized several online programmes for providing career counselling and life-skills training to the students. The lists of the programmes organized by the college for career counselling and life-skills training are enclosed below:

Name of the Programme	Date	Resource Person	Link
<b>Webinar on Youth, Mental Health and Suicide</b>	10.07.2020	Dr. Sandipan Sarmah,	<a href="https://www.youtube.com/watch?v=X4bPaJuVnZY">https://www.youtube.com/watch?v=X4bPaJuVnZY</a>
