PERSPECTIVE PLAN FOR INFRASTRUCTURE DEVELOPMENT

PHYSICAL INFRASTRUCTURE

Plastic Bottle Bank

Gargaon College forbids the use of single-use plastics entirely and has severe policies on its use. One of the important mandates is raising awareness of the environment. It is accomplished by erecting notice boards and awareness campaigns. The college recently started the custom of depositing discarded water bottles in banks of plastic bottles. Students repurpose these bottles to create flowerpots, decor, and other useful products. Plastic bottles, bags are also reuse for seedlings, to fill vermicompost for sale etc.
